Final expenses and net profit are not yet calculated.

CLUB HISTORY

The by-laws encourage the club, by the fair discussion at meetings, to keep its members informed on questions of public importance and proposed legislation. Clubs have the right to express an opinion on such matters, provided no other Kiwanis Club is affected by the same.

Previous positions of our club have included a condemnation of girls riding in cars without chaperons (6/8/24), endorsing the enforcement of the prohibition laws (7/16/26), opposing automobile license tags as unduly burdensome (1/20/27).

CIRCLE K NEWS

By Sam Brentnall

Kim West and Katherine Ray and all of the members of UNA Circle K have done a marvelous job this year, - club building, fund raising, supporting Kiwanis, and promoting their own service projects. Their work continues as they plan their Second Annual Easter Egg Hunt for the Boys and Girls Clubs. Additionally, Kim, and her grandparents Wayne and Claire Thompson, are hosting a Valley Rally at Smith Lake in the next few weeks at which time new officers will receive thorough training for their jobs next year. Date to be announced soon!

The most important date on the calendar is the New Officers and New Members induction on Tuesday, April 25th. The event will be a grand celebration to welcome the new officers and new members and prepare them for their jobs next year. It is very important that we mark our calendars for the 25th and prepare to celebrate with them. Kim has requested that we again have the induction at my house and Paula and I are please and honored to make that accommodation.

But, help is needed- we need volunteers to organize, plan and prepare for the 25th. As before, what will probably work best is for several Kiwanians to bring covered dishes but I will leave that up to the central organizers. Paula and I will be glad to provide the drinks, plates, and all the "set up" items.

So please, volunteer soon, and let me know. This is a most important Kiwanis Family event.
