Thanks to the Florence Beautification Board for cooperating this year in our poster contest, enabling us to double the prize money this year. The liaison for this partnership was Ellen Beasley.

President Gullet announced his goals for the administrative year to be an increased emphasis on our sponsored youth, in conjunction with our international motto shown on the cover of the *Klarion*, “changing the world one child and one community at a time.”

He also hopes to involve everyone in our two major fund raising projects each year, so the burden will be shared by everyone and not just a few. Is there a place for you in this plan? Yes, there is.
